

# Smart-View FDM

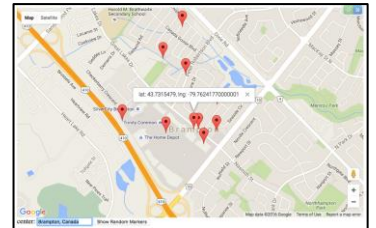

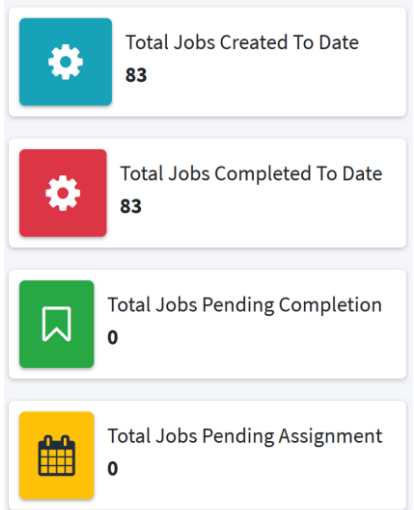

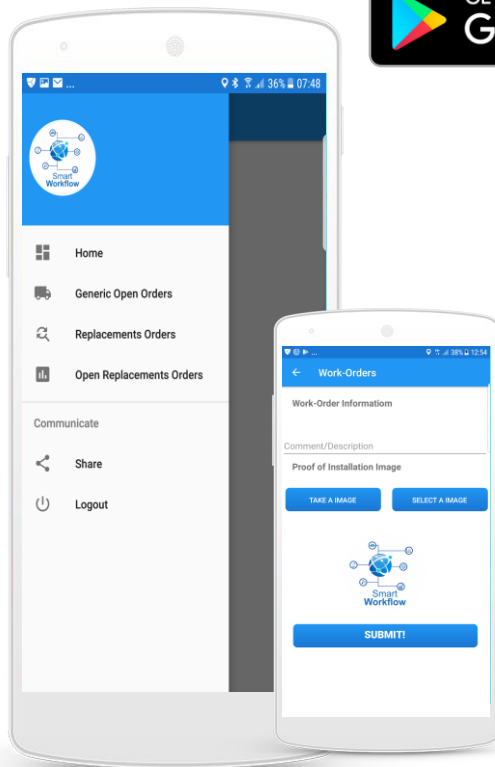

**FIELD MANAGEMENT, SIMPLIFYING ADMINISTRATION & IMPROVED DEPLOYMENT MANAGEMENT**

The hassle of printing job cards, finding available people to do the job and never knowing the status of completion has now been made easy with Smart-View Field Deployment Manager.

## Benefits

- FDM helps you create and push jobs to a mobile application.
- Manage & keep track of the progress and the status of jobs e.g. pending, assigned or completed.
- The web interface gives you real time information with Geolocation.
- Assign and control administrators and field users activity.

## FDM mobile application

## Features

- Manage Multiple companies from one interface.
- Map view of Field Representatives.
