

# Smart-View Utilities Manager

*Reducing cost, simplifying administration, improving efficiency*

We aim to connect meters and sensors across the globe with today's IOT network infrastructure and bring real-time information to manage your resources affordably and efficiently.

Are you a managing agent, body corporate, building or factory owner and looking for an affordable metering solution?

You most likely have one bulk meter supplying electricity to all tenants. For a start, you would like to split these bills to have tenants pay for their consumption, this will help manage all your losses and avoid significant financial strain.

Smart-View Utilities Manager enables you to manage.

- Houses.
- Apartments & Cottages.
- Multi-storey Apartments.
